When working with live voltages, you must follow special guidelines and use special tools - tools which have been specially produced and tested for this purpose.

Weidmüller offers a complete line of pliers which comply with national and international testing standards.

All pliers are produced and tested according to DIN EN 60900.

The pliers are ergonomically designed to fit to the hand form, and thus feature an improved hand position. The fingers are not pressed together - this results in less fatigue during operation.

**General ordering data**

Type	KSE 160
Order No.	<a href="#">9046410000</a>
Version	VDE-insulated heavy-duty diagonal-cutting pliers, 160 mm long
GTIN (EAN)	4032248357734
Qty.	1 Stück
